

BARRIONUEVO ULISES

.Net Developer Trainee

PROFESSIONAL PROFILE

Hi ! My name is Ulises Barrionuevo, an advanced student in the Computer Engineering career, passionate about the tech world, with a great thirst for curiosity, a great desire to learn and improve myself

PROJECTS

REAL ESTATE (WEB)

HTML5 - CSS3

Website created with design technologies (HTML5-CSS3), designed and adapted for a real estate company, with a main section and several sections, providing more information and products for sale.

<https://github.com/Ulises-prog/Bienes-raices>

ATM PROTOTYPE (C)

PROGRAMMING LANGUAGE (C)

Simple, intuitive ATM prototype, with 3 basic options that a standard ATM has, I thought of a user with an existing bank account and the default options (withdrawal, deposit, account information)

CLOCK

HTML5 - CSS3 - JAVASCRIPT

Simple clock with a minimalist design, which fulfills the function of giving the updated time, with its corresponding second hand.
